

Dear friend,

I am writing those of you on this email distribution list to urgently ask you to attend a breakfast meeting tomorrow, (Thursday).

The vote for the next Mayor of Kansas City could be heavily influenced by this group. I wish to discuss with you my thoughts on the General Election which will held be only 27 days from now. I am concerned that the progress we have achieved, in large part because of your efforts, are now in jeopardy.

Mayor Pro Tem Mayor Alvin Brooks will be with me to respond to any questions you may have about his candidacy.
